JOB OPENING

SEASONAL RESEARCH ASSISTANT

Department of Environmental Sciences

A Seasonal Research Assistant (CAES) position is available with the Invasive Aquatic Plant Program (IAPP). The position requires documenting vegetation in lakes and ponds using field observation and global positioning technology. A background in the natural sciences is essential. The successful candidate will assist the principal investigator in aquatic plant surveys. Additional responsibilities include pressing, mounting and cataloging aquatic plants and testing soil and water. Outstanding interpersonal skills are needed for being part of the CAES IAPP team. Must be comfortable working in the laboratory and in the field. Candidates must be organized, detail oriented, self-motivated, and resourceful. Computer skills include MS Word, Excel, PowerPoint, and ArcGIS. Boating experience is preferred and the ability to swim is necessary. The position is available from May through October 2017. The starting salary is \$11.00/hour for a 35 hour work week.

Email cover letter, resume, college transcripts, and three references to:

Mr. Gregory Bugbee
Principal Investigator
Invasive Aquatic Plant Program
